OFFICE TIDBITS

By Lisa Risler Office Manager

You will find Charlotte and me here in the office from 10 a.m. to 2 p.m. Tuesday through Friday. Saturdays Debbie is here. If you need anything, just give us a holler!
E-mail address: hppoa@windstream.net

Please join the Facebook account called Harbor Point POA. I am not on any other groups and do no announcements anywhere else, so this is the place for office news and tidbits.

January is here and I will have late fees due for those who have not yet paid their October bills - so double check for me okay?

I also have a lot of pool keys still out and would like to not have to "ding" you the \$20 fee for not returning them, so if you have a pool key sitting around, bring it on up here and save yourself \$20.

I keep Treasurer's Reports here in the office for one year close by the front door on the wall. If you need anything further back, I have them going back for years. Please come by the office once a month and get one if you like to know where our \$\$ are going here in Harbor Point.

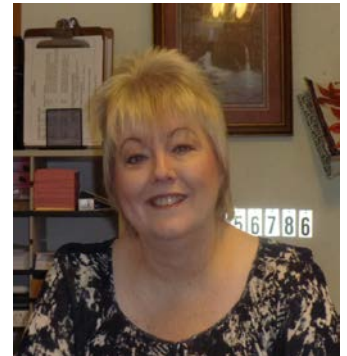

If you buy or sell a lot in here, let us here in the office know.

"Lost and Found" is located at the HP gate

Remember, Books, Magazines, Cassette books, puzzles to borrow, and playing cards are HERE. If you have any of our puzzles, books or playing card please return so others can enjoy them also.

Deed Restrictions are available anytime at the office. That way people know what they can and cannot do on their property.

Happy New Year!
Lisa Risler

SPORTS WORLD

Well, 2016 was quite a year for all of us. Hopefully, 2017 will be a great year for us all. The collegiate playoff bowls (Peach and Fiesta), in my opinion, is a great improvement over the old playoff plan. This year's National Collegiate Championship game will be the ALABAMA CRIMSON TIDE vs. THE CLEMSON TIGERS! It should prove to be one of the best championship games in recent years. Should Alabama win, it will be the 5th championship for coach NICK SABAN. Only the legendary coach BEAR BRYANT had SIX championships with the same team. "GO 'BAMA"!! The NFL playoffs was finally determined by the last game of the regular season. This Saturday (1/7/17) will be the HOUSTON TEXANS vs. OAKLAND RAIDERS and the KANSAS CITY CHIEFS vs. MIAMI DOLPHINS. Sunday's games (1/8/17) will be the DETROIT LIONS vs. SEATTLE SEAHAWKS and the NEW YORK GIANTS vs. the GREEN BAY PACKERS. "Good LUCK and HIGH SCORING"! All you football fans out there should be ready for the RED ZONE and the TWO MINUTE WARNING! In the BASKETBALL world, our beloved HOUSTON ROCKETS are lighting up our world with their fantastic start to this season and have a 26-9 win-loss record which is only 1 game behind the SAN ANTONIO SPURS. The ROCKETS had a 15-2 December which is fantastic! James (THE BEARD) Harden had a historic night to start the New Year. He scored 53 points, 17 assists, and added 16 rebounds and became the first player in NBA HISTORY to accomplish that feat. Good luck to the ROCKETS and THE BEARD for the rest of the year!! May all of you have a HAPPY, HEALTHY, AND BLESSED 2017! That's all for now from your friendly neighbor Tony (WHO DAT) Lemoine

Tony (WHO DAT) Lemoine saying
HAVE A GOOD ONE!!!

BEST DECORATED HOUSE 2016

Christmas at Harbor Point was extra special by participating community-minded folks decorating the carts for the parade. Cheers to those who do so much to make **Christmas in Harbor Point** unique and inspiring and something to look forward to year after year. Special cheers and congratulations to **Donald and Becky Monley** for winning the best decorated place. Thanks also to **Floyd Lankford** for bringing a terrific Santa

Blue jays

Description

Blue jays are bright blue medium sized birds with blue head crests, black wing markings and black necklaces.

Life

History

Bright and bold, blue jays often travel in noisy family groups in late summer and fall. Their arrival at a bird feeder tends to clear the area of smaller birds. Blue jays are known to eat the eggs and young of other birds and often frighten the adults off the nest by imitating the call of a hawk. Groups of blue jays often attack owls, which they consider a threat.

Blue jays are one of the few birds that store food for use at another time. Blue jays eat insects and other invertebrates, small vertebrates including nestlings of other species, carrion, eggs, fruits and seeds. They use a number of behaviors to obtain food and defend themselves. In late summer, fall and winter they travel in large aggressive flocks that frighten other birds off of feeding areas and make predators think twice about bothering them. They use the call of hawks to frighten other birds. Females rarely leave the nest while

incubating or rearing young. Males bring them food during this time.

Blue jays are generally unafraid of humans. In fact they have used human settlements in the west, with their resulting increase in food, water and vegetation, to expand their range. Most birdwatchers have mixed feelings about blue jays. They dislike their noisy aggressive behavior but appreciate their bold bright colors and cocky self assurance. In addition to their raucous, shrill side, jays can also emit a soft, low song and are unusually tame around humans.

If you had the Newsletter emailed, you could enjoy all the pictures in color.
